## What Do We Do?

The Idaho AHEC Program Office supports four Area Health Education Centers through statewide collaborations, the creation of strategic partnerships, and program evaluation and reporting. Our centers join a cadre of 300 AHECs across the nation whose members work to recruit, train, and retain health professionals to work in rural and underserved communities.

## PROGRAM OFFICE

Working to fill critical gaps in Idaho's healthcare workforce.

## What Are Our Goals?

- Address healthcare workforce shortages in Idaho communities.
- Find resources to implement AHEC's four core activities: AHEC Scholars, Continuing Education, Pathways and Pipeline Projects, and Community-Based Experiential Training.
- Highlight the benefits of living and working in Idaho.
- Grow partnerships that meet strategic goals and ensure Idaho AHEC's success.

## What Does the Idaho AHEC Program Office Do?

The Idaho AHEC Program Office supports four Area Health Education Centers throughout Idaho that offer programs tailored to their community's specific needs. The program Office works with all of the Centers to make sure they have the resources to navigate the healthcare landscapes unique to their region. The program Office's primary role is to coordinate, monitor, evaluate, and oversee AHEC's statewide presence, and work with strategic partners to make the biggest impact possible.

## Are Our Goals?

Idaho AHEC addresses healthcare workforce shortages in Idaho communities. The program Office implements AHEC's four core activities: AHEC Scholars, Continuing Education, Pathways and Pipeline Projects, and Community-Based Experiential Training. The program Office works to address the benefits of living and working in Idaho. The program Office works to address the needs of communities that meet strategic goals and ensure Idaho AHEC's success.

## Idaho AHEC's Mission and Vision

### Our Mission

The mission of Idaho AHEC is to develop a skilled healthcare workforce to serve rural and underserved communities throughout Idaho.

### Our Vision

Idaho AHEC strives to ensure that all Idahoans have access to high-quality healthcare services, particularly in regions facing workforce shortages.

### We Are Achieving This Vision Through:

- **Expanded Opportunities** – Ensuring all Idahoans have pathways to careers in healthcare, and providing practical solutions to address the workforce shortage.
- **Accessible Healthcare** – Supporting efforts to improve healthcare availability across the state, especially in areas with limited access to critical services.
- **Interprofessional Approaches** – Encouraging teamwork among healthcare professionals to address the challenges specific to caring for rural and underserved populations.
- **Community Alignment** – Strengthening the connection between healthcare professionals, education, and the populations they serve.
- **Healthy Workplaces** – Promoting environments that enhance professional well-being and growth.

## What is Idaho AHEC?

Area Health Education Centers (or AHECs) were established in 1972 to address the shortage of primary care physicians and healthcare professionals across the country. Today, there are over 300 AHECs nation-wide that are working to fill these critical gaps in the healthcare workforce. Idaho has four Centers tasked with this mission. The purpose of Idaho AHEC is to create programs that teach and recruit quality healthcare professionals to serve rural and underserved populations around the great state of Idaho!
